Good News.—The Superintendent of the Water Works requests us to say that the water will be let on this morning, at 7 o'clock, for a short time. Those interested will govern themselves accordingly.

HIGHEST.—At a meeting of the Central Building Association, held last evening, five shares of its stock was sold at a premium of 44% per cent. At this rate the purchaser receives, for his own share, \$7.00, and the association brings the rate of interest he pays on the money up to about 11 per cent. per annum.

FALSE ALARM.—Last evening, about 9 o'clock, an alarm of fire was sounded throughout the city, but fortunately it was unfounded. The occasion was seized by the boys of a favorable opportunity for giving vent to long pent up yells and hootings, and they did the subject ample justice. The fire alarm bell has been shut off at the reservoir during the day, was turned on, much to the relief of everybody.

NARROW ESCAPE.—On Wednesday evening, Master Tommy Richards, whose parents reside in Centre Wheeling, had a narrow escape from drowning. He had been out on a river alone, and while playing with a small boat, drifted into the water, which at that point, was very deep. Being an expert swimmer, he easily reached the shore in safety, and left for home, a wetter, if not a wiser boy.

PERSONAL.—We had a pleasant call last evening from Mr. S. R. Dawson, now of Washington city, who is very well known to a large circle of friends in this city and throughout the State. Mr. Dawson is a native of this city, and at Mount Vernon, where he has been summoned by telegram on account of the dangerous illness of his little son. We trust the illness of his little son will be made glad by the little fellow's speedy recovery.

HAND HURT.—Mr. Stephen Burke, an employee on the Baltimore and Ohio Railroad, had one of his hands very badly hurt on Wednesday morning. Mr. Burke had been out of employment for several months, and had just secured work in repairing the track near Benwood. While engaged in his work, he was struck by a passing train, and his right hand was crushed. He had been at work only an hour or two, and the unfortunate accident happened, and he is now confined to his bed for several weeks to come.

POLICE COURT.—This institution received somewhat yesterday morning, and the old room resplendent in some degree, with the light of other days. There were two cases brought with the promptness characteristic of the proceedings before this tribunal. The first was a case of assault and battery, in which a man named John Smith was charged with having beaten and abused a woman named Mary Jones. The second case was a case of larceny, in which a man named John Doe was charged with having stolen a watch from a woman named Jane Smith.
